<b>Minimum recommended English level:</b>	B2

# The Academic Summer experience for juniors, teens and adults...

If you are a serious student looking for an inspiring and challenging academic experience, in a global community of learners from all over the world, then Academic Summer is for you.

Aim for your Personal Best and let us develop you so you are ready for your future studies and careers. Academic Summer is good preparation for primary, GCSEs, A-Levels, the IB Diploma or your future university studies.

Go home with a folder of work from the summer, certificates and a full report to add to your academic portfolio.

Study in the heart of London at DLD College London or in the famous university city of Cambridge at Abbey College Cambridge or experience a traditional boarding school at Sidcot School near Bristol... or why not try a week at each school. The choice is yours.

If you are age 18+ you can choose our unique Pathway to Uni course at Abbey College Manchester.

**Barбора, 16, Lithuania**

"My airport arrival was very smooth, the Academic Summer staff greeted us and the journey to Cambridge from the airport was easy. The programme is extremely fun, we learn in small classes so it is easy to interact with everyone."

Academic  
Juniors

...reaching your  
personal best

## Exciting programme in English – CLIL

You will have the opportunity to develop your communication skills and academic language proficiency whether or not English is your first language. We will equip you for the international world of today and tomorrow.

Our philosophy for all our programmes is based around CLIL: **Content and Language Integrated Learning**. You study academic subjects that interest you and at the same time, improve your English language skills.

## Your welfare

You are looked after 24 hours a day from the moment you are greeted by one of our staff at the airport to when you check in for your flight at the end. Our qualified and experienced staff will provide you with a secure, caring and supportive environment whatever your age.

## Leisure

You will participate in our exciting and interesting leisure programme. You can try new things, have fun, develop your leadership skills, enjoy cultural visits and socialise with friends from all over the world.

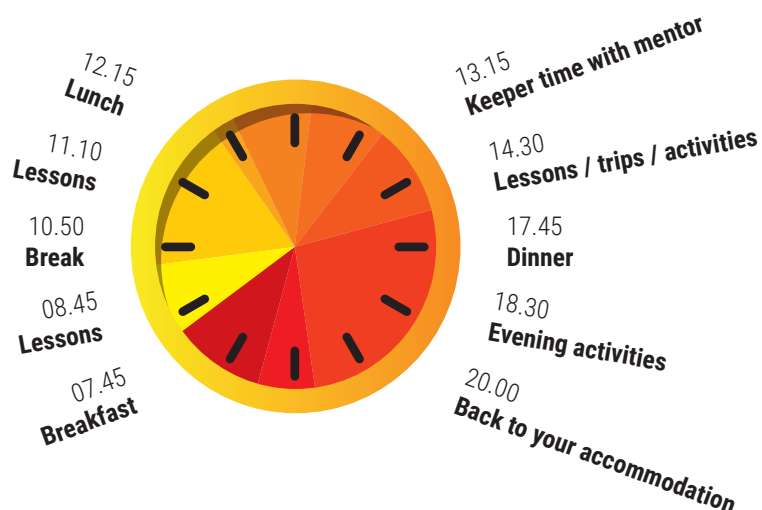

# Academic Juniors – quality course for young learners aged 7 to 12

Academic Juniors is a challenging, academic and fun-packed learning experience for young learners. We offer boarding courses in Bristol and Cambridge and a full day option in London.

Your child will be taught by qualified primary teachers who know how young learners learn best. Their timetable includes a range of academic subjects: **English, mathematics, sciences, social studies and arts**. Lessons, trips and activities all fit around a weekly theme bringing everything to life.

See leisure programmes for information about the trips and activities.

# Academic Juniors – Bristol

## Enjoy integration with UK children

Shipmates is a holiday club based at Sidcot School for local children. We share many joint activities with Shipmates including some lessons, sports and activities. This gives a unique experience to communicate and socialise with native speakers.

## Edward, 12, Czech Republic

"I feel like my English has improved lots already. My Science, business and maths lessons have been really interesting. I find the trips and activities really varied, so we can do some really fast paced activities and also some really nice museums. I'd love to try either London or Bristol next year."

# Academic Juniors – London (day only)

A welcoming environment full of learning and fun awaits young learners in London **Monday to Friday 08.30 to 18.30**. After a morning of learning your child can enjoy an exciting trip or activity. We look after your child while you work or enjoy your own time in London.

**Romasyrry, 11, Malaysia**

"I loved everything about Academic Summer. The learning techniques were all different we acted in English, in science we studied relativity by making parachutes."

# Explore GCSE (age 12 to 14)

This programme will enable you to explore the broad curriculum of GCSE giving you a taste of what lies ahead in years 9 and 10 in the UK system. You will:

- study **English, mathematics, sciences, social studies and the arts**
- develop your IT skills, language skills and study skills
- learn how to deliver an effective presentation

## Sample timetable

### Week 1

-  Lesson 1: Business
-  Lesson 2: English
-  Lesson 3: Science
-  Lesson 4: Art

### Week 2

-  Lesson 1: Mathematics
-  Lesson 2: Design and technology
-  Lesson 3: English
-  Lesson 4: Social studies

**Gigi, 14, UK**

"This was my first summer school experience and it's been really great. The level in the lessons was just right for me and I gained a lot from them. Being from the UK, the leisure programme gave me the chance to explore my own country. It was really fun, especially the climbing!"

# Typical day (Monday to Friday)

**Weekends:** Cultural and fun days out (see leisure programmes for details)

## Lectures every Friday (17.45 to 19.00)

You will take part in challenging and stimulating workshops and lectures run by interesting and dynamic experts in their fields. We introduce you to different ways of learning that are beyond the traditional classroom.

**Oleg, 14, Russia**

"My favourite subjects were Business and Science. In Science we had a great teacher and every day we did different experiments. I also took extra golf sessions – this was the second time in my life. On the last lesson I challenged my instructor on three holes. On two holes I was a little bit unlucky, but on the last one I managed to defeat my instructor!"

# Engage with IB / A-Levels (age 15 to 17)

This programme offers four study blocks each week and is aimed at years 11 and 12 in the UK system. You choose your subjects depending on your academic needs and interests.

Before you arrive, you will select your subjects online and prior to the course, you can check your timetable and make any subject changes you wish to make. Your timetable is written to meet your individual needs.

## We offer the following subjects:

- |  |  |
|--|--|
|  Art                                 |  Computer science (London only) |
|  Biology                             |  Literature                     |
|  Chemistry                           |  Mathematics                    |
|  Design & technology (Bristol only)  |  Media studies                  |
|  Drama & music                       |  Physics                        |
|  Economics & business                |  Presentations & interviews     |
|  English                            |  |
|  Environmental systems & societies |  |
|  Essay writing                     |  |
|  History & politics                |  |

**Nicola, 15, Germany**

"This was my third year with Academic Summer. When I was 14 it was exciting and new – I studied the Medical Studies. Last year I enjoyed most meeting lots of new people and the lessons were great. This year I enjoyed Design and Technology and Economics."

# Sample timetables

Do you like art and music or economics and maths or physics and chemistry? It is **YOUR** choice, it is **YOUR** summer.

## Week 1

-  Lesson 1: Economics
-  Lesson 2: Environmental systems
-  Lesson 3: Essay writing
-  Lesson 4: Presentaton skills

## Week 1

-  Lesson 1: Chemistry
-  Lesson 2: Mathematics
-  Lesson 3: Biology
-  Lesson 4: Presentaton skills

## Week 2

-  Lesson 1: Media studies
-  Lesson 2: Psychology
-  Lesson 3: English
-  Lesson 4: History

## Week 2

-  Lesson 1: Biology
-  Lesson 2: Physics
-  Lesson 3: Theory of knowledge
-  Lesson 4: Chemistry

**Setayesh, 15, UK**

"The teachers are really good, my biology teacher was nice and everyone took the lesson really seriously. We visited some museums and they were really cool, and my favourite by far was Harry Potter Studio Tour. I was living my childhood dream."

# Get Ready for Medicine (London)

Our medicine programme is an intensive two-week course, tailor-made for students who want to study medicine. Our interactive and innovative programme is led by UK medical students who can share and advise you from their own personal experiences.

**Our Get Ready for Medicine programme involves 40 hours of concentrated teaching per week and includes:**

- First Aid course leading to a qualification
- Medical related trips including a visit to a medical school
- Visit to a hospital and medical research facilities
- Teamwork, leadership, communication and problem solving workshops
- Medical ethics and clinical scenarios; clinical workshop with a doctor
- Biology and chemistry practicals, including a heart dissection
- Personal statement and interview practice
- UKCAT and BMAT practice

# Get Ready for IELTS (London)

Our intensive IELTS preparation programme is suitable for students who would like to prepare for the exam. The one-week course covers all four aspects of the exam: **speaking, reading, writing and listening**. On Saturday at the end of your week you will take the IELTS exam.

**Ester, 17, Czech Republic**

"Academic Summer was great experience that helped prepare me for a career in medicine but also made life-long friends. My favourite part was the GP visit which fuelled my desire to study medicine."

**Duccio, 15, Italy**

"The heart dissection was extremely interesting. I like that we were able to see clearly every part of it. A great opportunity to understand how it all works. The quality was high and the teachers were always appropriate and professional, never boring."

## Get Ready for Uni (Cambridge)

The global reputation of UK universities is worldwide and many UK institutions are ranked amongst the best in the world. If you choose this course you will learn the process of applying to top universities.

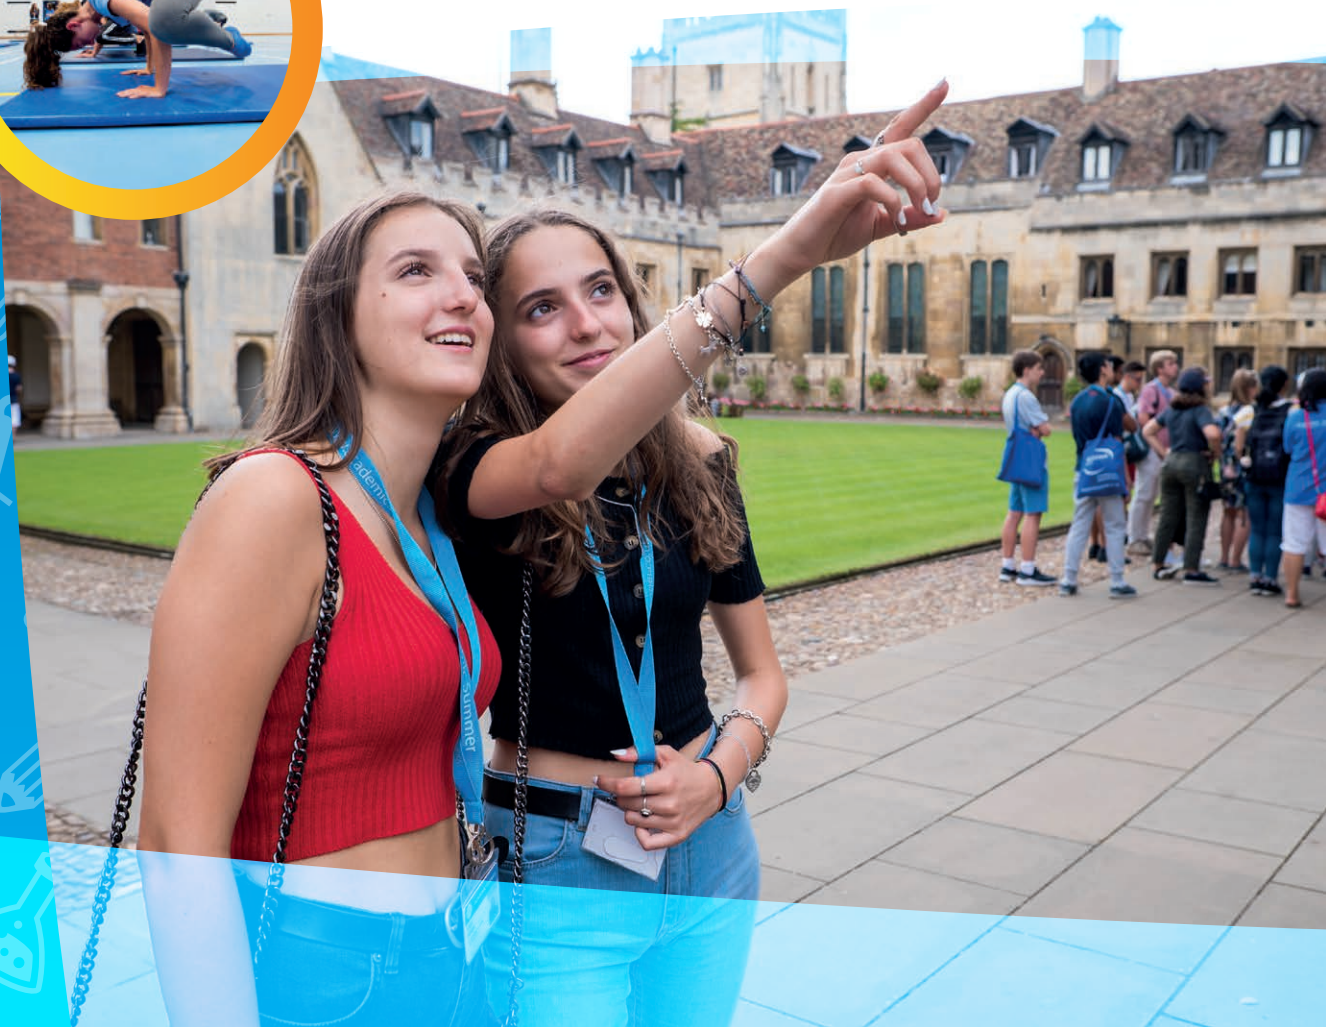

We help you to make suitable course choices, clearly understand course requirements and produce relevant personal statements so you stand out from the competition. You will learn about work experience, become proficient at giving a good interview and will practice the admissions tests for Oxbridge, Imperial, LSE and other Russell Group universities.

We provide tailored and professional advice for you:

- to help you get those offers that meet your long-term aims and will lead to a fulfilling and successful experience at university
- to provide you with long-term application support by email after the course finishes

## Academic Sports (Bristol)

This one-week course combines practical sports with the theory. The academic will cover business, sports psychology, biomechanics, anatomy and nutrition. You can choose to have specialist coaching in tennis or swimming (this will include lifesaving skills) as well as enjoying some mountain biking on the Mendip Hills, working on your personal fitness and experiencing a game of golf.

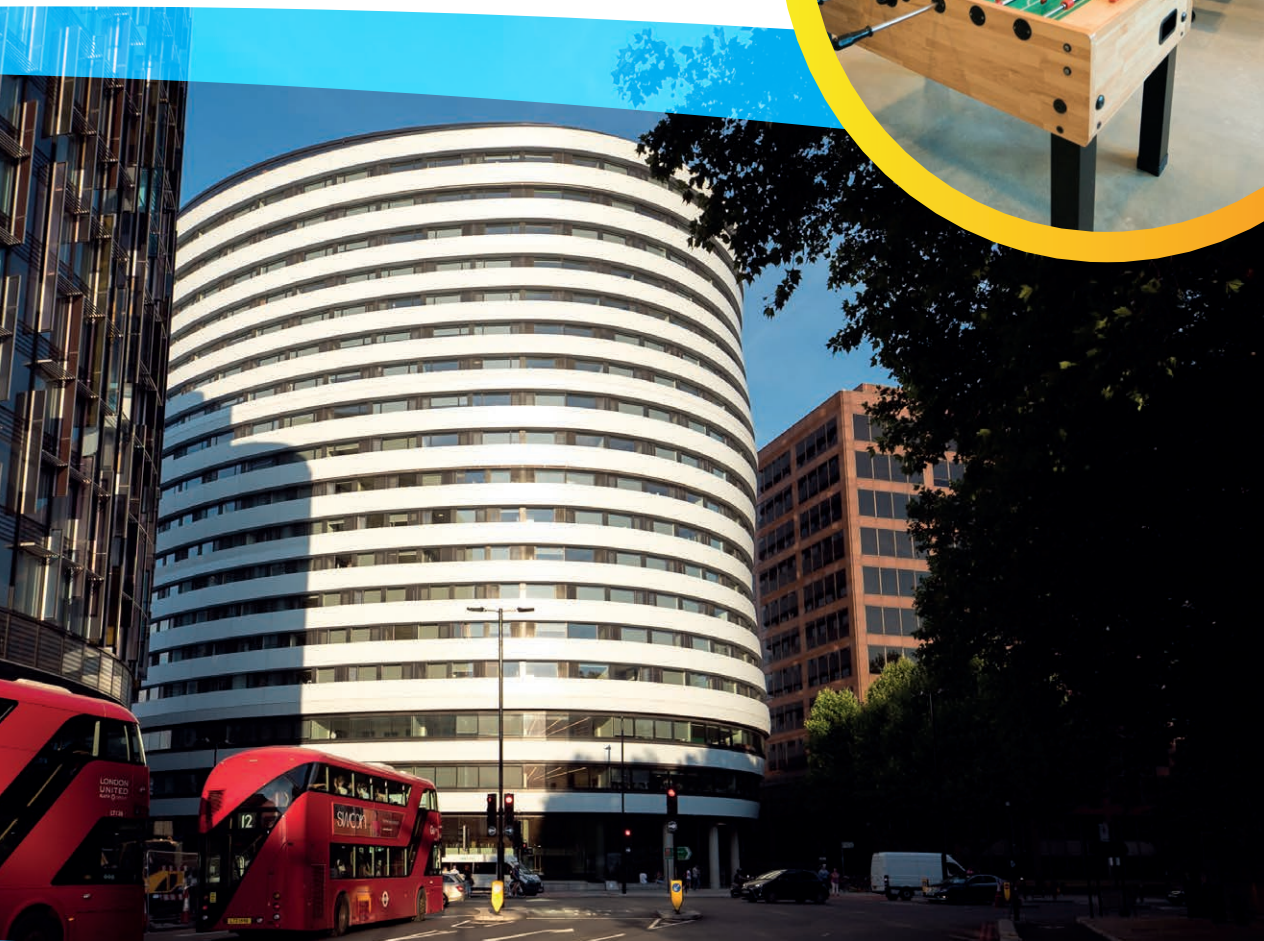

# Academic Summer in London

We overlook Westminster and the River Thames – you cannot get a better London location! You are surrounded by the some of the most famous and historical buildings in the capital city. You won't be just visiting London; you will experience living in the heart of one of the most cosmopolitan cities in the world by joining us at DLD College.

## DLD College London

DLD College London has modern classrooms, a theatre, a restaurant, Starbucks and boarding accommodation – all under one roof. All bedrooms are single and ensuite with study facilities. We also have some twin and premium rooms for you to choose from.

# Leisure programme – London

We make the most of our central London location. Find out below what you will be doing each day during your time at Academic Summer.

**Martin, 17, Netherlands**

"I have met a lot of really wonderful people. I was sad when we have to say bye, but we are still in touch which is great."

**Xiaomin, 13, China**

"I really enjoyed my stay at Academic Summer. It was great opportunity for me to be here and to get to know foreign friends. I would like to come next year as there are still some lessons I have not tried yet."

# Academic Adults – a unique learning experience for young adults in Manchester

Are you age 18+ and want to prepare for university? We have a new and unique course just for you based in the **university city** of Manchester.

**Manchester** is an exciting place to visit and you will be warmly welcomed to the city. Manchester is known as the birthplace of the industrial revolution and has a proud history of science, politics, music, arts and sport. It is famous for football but offers so much more.

**Abbey College Manchester** is right in the heart of the city centre and offers modern classroom facilities making it a great location for our course. Your accommodation is a 20-minute walk and you will have a single ensuite study bedroom. You will share a kitchen and living room so can socialise with others.

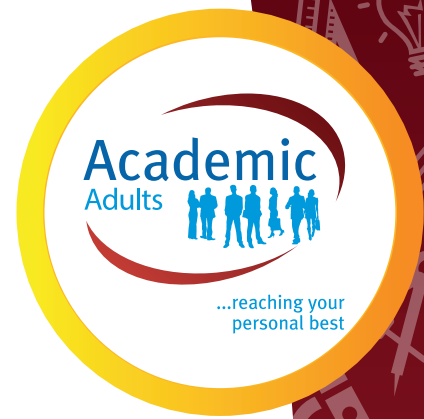

## Academics

You are taught by experts in their fields and the lessons are interactive, interesting and a high academic level to give you a good introduction to university study. Students from top universities will support you, be involved in teaching and will be good role models for you. They can give you good advice about university life.

We help you to develop your notetaking, critical thinking, research, presentation, essay writing and English language skills. You will learn how to manage your time, prepare for exams and complete your assessments on time. These are all important skills for university.

## You can choose to study one of the following pathways:

- **Liberal arts** – this academic option focuses on the arts, humanities, natural sciences and social studies.
- **Biological sciences** – the study of living things and includes topics such as cell biology and ecology.
- **Physical sciences** – this option includes mathematics, chemistry and physics.
- **Business** – this pathway includes economics, finance, management and law.

# Leisure and food

You can participate in our cultural and fun leisure programme to help you prepare socially. Develop the skills of having an interesting conversation and being interested in other people.

During the week, you can enjoy getting to know Manchester and at the weekend visit cities such as Liverpool, Leeds and York. You can also choose to go sailing or windsurfing in Lake District or trekking in North Wales.

We want to help you become independent and to learn new skills. Breakfast is provided in your accommodation. There are many good options near the College for lunch. Students and staff will prepare dinner and enjoy the food and a glass of wine together.

## Typical day

07.30	Breakfast
08.45	Pathway session 1
10.00	Pathway session 2
